ABOUT SAARZYA

Who We Are

Saarzya is a psychology and wellness initiative built around a simple belief: understanding your own mind shouldn't be complicated, intimidating, or out of reach. Founded by **Aarzoo Singh** and **Sanyukta Sherry**, Saarzya brings together psychology education, mental health assessments, self-growth guides, and wellness magazines into one accessible space — for anyone who wants to understand themselves and the people around them a little better.

We sit at the space between clinical psychology and everyday life — translating psychological ideas into language and resources that are easy to engage with, without losing the depth and care that mental health deserves.

Our Vision

A world where mental health is spoken about as openly as physical health — where psychological literacy, self-awareness, and emotional wellbeing are part of everyday life, not just a conversation for moments of crisis.

Our Mission

We work to make psychology more accessible through education, resources, and honest conversation — guided by five commitments:

EDUCATE

EMPOWER

CONNECT

SUPPORT

ADVOCATE

WHAT WE OFFER

What We Do

Everything we create sits under one goal — making psychology and mental wellness easier to understand, reach, and use in everyday life.

1

Mental Health Awareness & Education

Breaking down psychological concepts — from how the mind works to how emotions are formed — into content that's genuinely easy to follow.

2

Mental Health Assessments

Structured self-understanding tools that help people reflect on their patterns, tendencies, and wellbeing in a thoughtful, informed way.

3

Self-Growth Guides

Practical, psychology-informed guides that support reflection, habit change, and emotional growth at a person's own pace.

4

Saarzya Wellness Magazine

A recurring magazine exploring mental health, psychology, and personal growth — written to be read, not just skimmed.

Saarzya focuses on awareness, education, and self-understanding. Where clinical support is needed, we point people toward appropriately qualified mental health professionals.

HOW WE WORK

Our Approach

Four principles sit behind everything Saarzya makes — from a single Instagram post to a full issue of the magazine.

Compassionate Care

Every resource is created with empathy first — seeing people beyond labels, diagnoses, or single stories.

Mindful Healing

We favour depth over speed — encouraging reflection rather than quick fixes or oversimplified advice.

Personalized Wellness

No two minds are the same. Our content is built to meet people where they are, not where a template assumes they are.

Growth Together

Psychology belongs beyond the classroom — we grow this space alongside our readers, collaborators, and community.

Grounded In

EVIDENCE-INFORMED

ETHICAL

HUMAN-CENTRED

INCLUSIVE

COLLABORATIVE

OUR COMMUNITY

Who Saarzya Is For

Students

Psychology explained clearly, for anyone learning about the subject or exploring it as a possible path.

Young Adults

Mental health awareness, emotional wellbeing, and self-understanding for everyday life.

Professionals & Institutions

Collaboration, knowledge-sharing, and psychoeducation content that can support wider outreach and awareness work.

Communities

Accessible mental health education for anyone who wants to understand the people around them a little better.

Founded By

Aarzo Singh & Sanyukta Sherry

CO-FOUNDERS

Together, Aarzo and Sanyukta co-created Saarzya's vision — building an accessible, ethical, and evidence-informed space for psychology and mental wellness.

Let's Build a Mentally Healthier Community, Together.

Whether you're a student, an institution, a fellow professional, or simply curious about the mind — we'd love to hear from you.
